

UN Day Dresden 2015

This year the United Nations is turning 70 and the world is celebrating. Join the party at **UN Day Dresden!** On the anniversary of the entry into force of the UN Charter, get to know the UN up-close and personal with a live stage programme, an interactive info-fair and much more.

This year all countries of the world will gather to determine the global course of action to end poverty, promote well-being for all, protect the environment and address climate change. In this light, the UN Day Dresden 2015 celebration will take place under the theme **'Time for Global Action – For People and For Planet'**.

If you have ever wanted to know more about the United Nations, this is your chance! Learn about the topics, methods and structure of the UN, and get to know how its work impacts your daily life. With practical tips, informative and entertaining performances, and fun activities UN Day Dresden will help visitors young and old make the connection between these global issues and local lives.
