Kiribati ... "a nation of water" Roniti Teiwaki

DID YOU KNOW?

- Kiribati is may be the one country in the Pacific that has benefited from Colonialism?
- Kiribati's island...Kiritimati is the largest atoll island in the world?
- Kiribati has the biggest ocean area in the world?

A blue starburst shape with multiple points, containing white text. The text is centered and reads: "Kiribati is one of the most vulnerable countries in the world to the effects of climate change".

HUMAN RIGHTS

- **A Right to an Environment of a Particular Quality**
- **The Right to Life**
- **The Right to Adequate Food**
- **The Right to Water**
- **The Right to Health**
- **The Rights of Indigenous Peoples**
- **Human Security**

- A Human Rights Response to Adaptation
- A Human Rights Response to Aid for Overseas Adaptation Measures
- A Human Rights Response to Disaster Management
- A Human Rights Response to 'Climate Change Refugees'

Where to now?

A HUMAN RIGHTS APPROACH

- A human rights-based approach addresses these equity issues. By focusing on
- individuals as *rights-holders* responsibility is placed on government to allow for
- participation and input from affected members of society into the development of adaptation policies.

WE CALL FOR YOU TO:

- To support Kiribati and SIDS not to lose their right to live in their home countries.
- * Provide Technology and Funds to Kiribati so people could adapt and remain in their homes.
- Support the Paris Agreement
- Establish international laws to protect the rights of climate change migrants
- *

**We would like to bless you with the
Kiribati blessings:**

- Te Mauri - Good Health**
- Te Raoi - Peace**
- Te Tabomoa - Prosperity**

Thank you all.
