

UNITED NATIONS
UNIVERSITY

YOU ARE CORDIALLY INVITED TO THE SOUTHEAST ASIAN LAUNCH OF

Safeguarding human health in the Anthropocene epoch

A REPORT BY

The Rockefeller Foundation–*Lancet* Commission on Planetary Health

Chaired by **Prof Sir Andy Haines** of the London School of Hygiene and Tropical Medicine, the Commission was formed to review the scientific basis for linking human health to the underlying integrity of Earth's natural systems. The Commission report outlines actions that could safeguard both the health of future generations and the natural systems that sustain them, in the face of pervasive and ongoing environmental change.

Join the United Nations University's International Institute for Global Health (UNU-IIGH) for a presentation and discussion of the report led by **Prof Anthony Capon**

The discussion will include

- **Dr Alex Ezeh**
Executive Director, African Population and Health Research Center, Nairobi
- **Dr Derek Yach**
Director, Vitality Institute, New York
- **Prof Tan Sri Zakri Abdul Hamid**
Science Advisor to the Prime Minister of Malaysia
