### **PRESENTERS**

#### **ALMASHEV, Chagat**

Director, Foundation for Sustainable Development of Altai (FSDA), Altai Republic of Russia

#### ***Biography:***

As FSDA director, Chagat has been working for 10 years supporting indigenous/local communities of Altai Mountains to protect their sacred sites and officially designated Nature Parks managed by indigenous leaders and to preserve their traditional knowledge. Since 2009 he has been involved in scientific works on collection elements of TK about climate change in Central Asia. In 2010 he was a consultant on the UNU/FSDA film “Land has breath” about indigenous Altaian shaman’s view to modern changes climate, nature and culture. He is author of series of books and guidebooks about Indigenous Communities Conserved Areas (ICCA) and TK.

#### **AHMED, Essam Hassan Mohamed**

Consultant for the Climate Change Department (CCD), Egyptian Environmental Affairs Agency (EEAA)

#### ***Biography:***

Since joining the Climate Change Unit; EEAA in 2007 (that developed to CCCD in 2009), Essam has been involved in CDM projects, and mitigation and adaptation studies; and also involved in many other issues related to climate change impacts, ICTs and Transportation sectors in particular. Essam is also a Lead Author; WGIII, 5<sup>th</sup> IPCC Assessment Report. Before joining the EEAA, Essam worked at Egyptian Military Armed Forces as Engineering Officer for 20 years.

**Contact Information:**

**BILBAO, Bibiana**

Associate Professor, Department of Environmental Studies, Simón Bolívar University, Venezuela

**Biography:**

Bibiana has contributed to the elaboration of participatory socio-environmental tools for the integral management of natural resources of Amerindian communities, as well as undertaking research into climate change mitigation. She is chief investigator for the interdisciplinary project: “Risk factors in habitat reduction in the Canaima National Park: vulnerability and tools for sustainable development”, winner of the European Union Award for Innovation in Sustainable Development (2010).

**BAUER, Johannes**

Independent Scientist; Member, REDD+ Australia Cooperative Working Group

**Biography:**

Convening Australia's first landowner conference on the emerging markets around forest carbon in 1998, Johannes has led a wide range of projects throughout Australia-Asia on sustainable development. Co-founder of REDD+ Australia Co-op and former CTA of UN-REDD in PNG he advocates a cooperative climate justice based approach to carbon trading.

**DHAKAL, Arun**

Faculty of Business and Law, University of Southern Queensland (USQ), Australia

**Biography:**

Mr Dhakal holds a BSc in forestry (earned in Nepal) and a master's in natural resources management (earned in Thailand). He is currently doing a PhD in natural resources and environmental economics at the University of Southern Queensland (USQ), Australia. His PhD research aims at exploring the best farming practice in the context of a changing climate. Mr. Dhakal has been awarded many national and international awards/fellowships including the ITTO fellowship and Thai queen's scholarship.

**HUANG, Yongfu**

Research Fellow, UNU-WIDER, Finland

**Biography:**

Yongfu Huang is a research fellow at the United Nations University's World Institute for Development Economics Research (UNU-WIDER) in Helsinki. He holds a PhD in Economics with research interests on climate change economics, macroeconomics and econometrics. Yongfu was previously a Tyndall Research Fellow at the Cambridge Centre for Climate Change Mitigation Research at the University of Cambridge. He also serves on the Intergovernmental Panel on Climate Change (IPCC) as Lead Author for its 5th Assessment Report (AR5), working on 'Cross-cutting finance and investment issues'. Yongfu has published widely on the topics of development economics. His publication includes a monograph entitled 'Determinants of Financial Development' (Palgrave MacMillan, 2010) and articles in Nature Climate Change, World Bank Economic Review, Journal of Applied Econometrics, World Development, etc.

**JACOBSON, Margaret**

Founding co-director, now trustee, Integrated Rural Development and Nature Conservation (IRDNC) Namibia

**Biography:**

IRDNC, the NGO co-founded by Margaret and Garth Owen-Smith nearly 30 years ago, pioneered community-based natural resource management in Namibia. The little project has become a national award-winning program led by the Namibian Government, supported by more than 15 NGOs and involving nearly 100 community-based organizations called conservancies or community forests. Margaret's interest is implementation, not research. For her work she has received the Goldman Foundation's Grassroots Environmental Prize for Africa – co-winner with Garth Owen-Smith, and is a UNEP Global 500 laureate.

**Contact Information:**

**KOGOLO, Annette**

Nyapajarri skin  
Puruta Wayawu bush name  
Walmajarri Juwaliny country

**Biography:**

Senior Kimberley Walmajarri woman and traditional owner Annette Puruta Wayawu Kogolo is a steering committee member for the Warlu Jilajaa Jumu Indigenous Protected Area. She is currently the cultural adviser for the Ngurrara seasonal calendar and climate change monitoring project in the Great Sandy Desert. Annette works closely with Ngurrara Rangers, senior Traditional Owners and scientists to identify culturally appropriate climate change mitigation strategies. Annette has been actively involved in Indigenous land management programs for over 20 years. Recently she was a water facilitator for the Fitzroy Catchment in NAILSMA's Indigenous Community Water Facilitator Network and worked closely with CSIRO and TRaCK scientist to improve Indigenous involvement in catchment management. Additionally Annette is a qualified interpreter in two Indigenous languages and has worked extensively on both national and international committees as an advocate for Indigenous rights.

### **LEONARD, Sonia**

Research fellow, Indigenous Dimensions of Climate Change, Australian Indigenous Studies, Centre of Health and Society, The University of Melbourne

#### ***Biography:***

Sonia is a research fellow (Indigenous Dimensions of Climate Change) at the University of Melbourne, investigating the effectiveness of climate change mitigation and adaptation tools in Northern Australia Indigenous communities. She has extensively worked with Indigenous people across Northern Australia over many years. Previously Sonia worked with a number of Indigenous organisations in the Kimberley helping to investigate of the integration of Traditional Knowledge and western science to develop climate change monitoring and evaluation tools for Indigenous Protected Areas. Sonia was a writing group member of the Australian Indigenous Communities National Adaptation Plan with NCCARF and also worked with Bureau of Meteorology to develop an Indigenous seasonal calendar and weather knowledge interactive online tool.

## **North Australian Indigenous Land and Sea Management Alliance (NAILSMA)**

**JAMES, Glenn**

Carbon Social Programs Officer, NAILSMA

**Biography:**

Glenn studied at the Australian National University in Canberra, gaining an Honours degree in Political Science and Philosophy (1987) and a Masters degree in Applied Anthropology and Participatory Development (2004). He has been living and working with Aboriginal people around the Northern Territory since 1989 in various capacities. After working with Warlukurlangu Artists Aboriginal Association in Yuendumu (1989-98) he undertook a consultancy with the Central Land Council on local Indigenous employment in the Tanami gold mines followed by work with the Northern Land Council on outstanding land needs in the NT's northern pastoral areas. Later as a full time employee with the Northern Land Council for over 8 years, he worked in enterprise development and as a regional anthropologist for the central Barkly and north east Arnhem regions. Immediately before joining NAILSMA in March 2009, Glenn worked with CSIRO as a social researcher / anthropologist on Indigenous livelihoods relating to the mining and land management.

Adjunct Fellow, United Nations University – Institute of Advanced Studies

***Biography:***

Born and raised in a coastal village in Kamchatka, Russia, Gleb is a conservation biologist with expertise in resource co-management and traditional knowledge systems. He previously led the development of a new global grant-making strategy for the Christensen Fund on biocultural diversity and resilience and has continued to work in the field of biocultural diversity with a focus on participatory research and communication, indigenous rights, climate change mitigation and adaptation, and traditional knowledge. He has written and contributed to books, scientific and popular articles on indigenous issues and conservation in both English and Russian.

### **LITTLE, Paul**

Program Officer, Andes-Amazon Initiative, Gordon and Betty Moore Foundation, United States

#### ***Biography:***

Paul has a PhD in Anthropology from the University of Brasilia, where he was an associate professor from 1997-2008. His research and publications over the past 25 years have focused on environmental and indigenous peoples' issues in the Amazon Basin. He served as a member of the Brazilian Federal Advisory Council on Traditional Knowledge from 2002-2008. In 2010 he edited *Conhecimentos Tradicionais para o Século XXI* (AnnaBlume: São Paulo), a collection of ethnographic studies of encounters and conflicts involving indigenous knowledge in Brazil.

**RAI, Navin K.**

Indigenous Peoples Adviser, World bank

**Biography:**

Mr. Rai oversees implementation of the World Bank strategy and policy on Indigenous Peoples. He provides technical advice on the Bank's corporate vision related to Indigenous Peoples, conducts quality assurance reviews for complex development projects affecting Indigenous Peoples, and supports capacity building for Indigenous Peoples' organizations and borrower agencies on Indigenous Peoples issues. As the Bank's principal point of contact on Indigenous Peoples issues, Mr. Rai liaises with the global Indigenous Peoples community, UN-related Indigenous Peoples bodies, as well as other multilateral and bilateral agencies working on Indigenous Peoples issues. Mr. Rai is also Lead Specialist for the Inclusion and Social Safeguards Team in the Bank's Social Development Department, where he coordinates implementation of the Bank's social safeguards policies as well as the program on Indigenous Peoples and Climate Change. In addition, he leads the World Bank Pilot Initiative on Enhancing Development Benefits to Local Communities in Bank-financed Hydropower Projects and the new initiative on World Bank Direct Engagement with Forest People in Forests and Climate Change Operations.
