About UN University
For the past four decades, UNU has been a go-to think tank for impartial research on the pressing global problems of human survival, conflict prevention, development, and welfare. With more than 400 researchers in 13 countries, UNU’s work spans the full breadth of the 17 Sustainable Development Goals, generating policy-relevant knowledge to effect positive global change. UNU maintains more than 200 collaborations with UN agencies and leading universities and research institutions across the globe.

United Nations University for Integrated Management of Material Fluxes and of Resources (UNU-FLORES):
The mission of UNU-FLORES is to contribute, through research, capacity development and dissemination of knowledge, to the resolution of pressing challenges in the area of sustainable use and integrated management of environmental resources (water, soil and waste), particularly in developing and transitional countries. It aims to serve within the UN as the think-tank on resources management and be internationally recognised as a major hub and intellectual focal point promoting integrated management strategies addressing, in particular, the needs of developing and emerging countries. The Institute is located in Dresden, Federal Republic of Germany. For more information, please visit http://flores.unu.edu.
