About UN University

For the past four decades, UNU has been a go-to think tank for impartial research on the pressing global problems of human survival, conflict prevention, development, and welfare. With more than 400 researchers in 13 countries, UNU’s work spans the full breadth of the 17 SDGs, generating policy-relevant knowledge to effect positive global change. UNU maintains more than 200 collaborations with UN agencies and leading universities and research institutions across the globe. For more information, please visit: http://unu.edu.

The United Nations University Vice-Rectorate in Europe (UNU-ViE)

UNU-ViE concentrates on relationships between advancing science and technology for human security. In addition to its scientific core mandate, it administers the central units providing service to UNU entities in Bonn. The central administration units include Finance, Human Resources, Information Communication Technology, Communication Services, Procurement and General Administration. These units also assist with the administration of new UNU initiatives in Europe and Africa. For more information on the organization, please visit the following websites: http://ehs.unu.edu/vice-rectorate

SCYCLE Programme

UNU ViE-SCYCLE has been launched on 1 January 2016 succeeding the former UNU-IAS Operating Unit SCYCLE. It is an independent Programme hosted by UNU-ViE in Bonn (Germany). SCYCLE envisions to enable societies to reduce the environmental load from production, use and the disposal of ubiquitous goods and especially electrical and electronic equipment to sustainable levels by means of independent and both comprehensive and practical research providing more thorough fact bases for policy development and decision making. Therefore SCYCLE activities are focused on the development of sustainable production, consumption and disposal patterns for electrical and electronic equipment, as well as other ubiquitous goods. SCYCLE leads the global e-waste discussion and advances sustainable e-waste management strategies based on life-cycle thinking.
